Situational analysis in the Nordic countries:

- Norway:
  - o Trends/engaging volunteers
  - o 50 biggest groups -> Interviews with focus on:
    - Education
    - Adult behavior
    - Working with the scouts
- Finland:
  - o Strategy-survey
  - o Coming up:
    - "A great place to volunteer"

Thoughts about strategy:

What is strategy?

- Positioning vs. Development road map
- National level vs. Common direction at local level?

## Strategic plans:

- Create work foundations for all the committees based on the strategy
- But:
  - o What about when new opportunities arise?
  - o What strategic activities have been important for each of us over the past years?
  - What strategic activities are we currently exploring?
