

Dear IC

Attached you will find an invitation to the course “Forandringsagenter”, which will take place virtually on the 28th of February (kick-off) and from the 5th-7th of March 2021.

The main goals of the course are to initiate a network between young Nordic scouts (aged 16-25) and to figure out how we can strengthen Nordic scouting together. The course will revolve around 3 main themes: International inspiration, democratic influence, and scouting politics.

During the course the participants will find a personal project, which they will have to continue working on at home. To support this, the course will be followed by a 3 months mentoring programme (however, due to the Covid-19-situation we understand if a mentee should feel the need for a longer programme and suggest that the extent of the mentoring programme should be agreed between mentor and mentee). It is up to the participant him-/herself and his or hers scout association to find a suitable mentor. The participants will get more information regarding the project and finding a mentor during the course.

We hope you have some young scouts with the courage and ambition to participate in the course. You can find more information on the course in the invitation.

Some practical informations:

- Link for the registration: <https://medlem.dds.dk/event/id/30446/register>. Please note that the participant’s scout association will be charged the course fee (also by late cancellations) and that you therefore, as IC, must approve the participants coming from your own association.
- The course fee poses DKK 900.00 (approx. EUR 121.00), which covers course materials and administration. Following the course a badge for the uniform and a course certificate will be sent to the participants. If they are in need of economic support you might refer them to the Erasmus+ Fund: <https://ec.europa.eu/programmes/erasmus-plus/>.
- If you have any questions regarding the course, you are welcome to contact team leader Adele Skøttegaard at adele.dybkjaer@gmail.com.

Unfortunately, due to the system used, some of the fields in the registration form cannot be translated. Therefore we have made a translation below:

Deltager / participant
