

Go Global 2023

Learn about International Scouting and Guiding opportunities!

Go Global 2023 is a weekend event aiming to spark interest and teach young Guides and Scouts from the Nordic countries about opportunities within the international world of Guiding and Scouting. During the weekend several activities will extend your knowledge about WAGGGS and WOSM, share some best practices among participants and build friendships between Nordic Guides and Scouts.

The event is in the format of a classic Danish Guide/Scout weekend, as we will have a Scout house in the forest as the primary base and every participant will be allocated a patrol for the weekend.

This also means that there will be both indoor and outdoor activities.

The participants will all share a room to sleep in with bunk beds, so they should remember their sleeping bags.

Participants

Go Global is for young Guides and Scouts between 18 and 30 years, who are interested in more international engagement within the Movement. It is expected that participants have some knowledge about international opportunities within Guiding and Scouting and are interested in their first international experience.

Each country is allowed to send up to 8 participants.
